BOMBER

WOODS

The Bomber woods are now widely copied — yet there is only one Bomber and that is made by Burke — and Burke only. No other woods are just like them.

It may be that you are one of the thousands of golfers who need just this set of woods to straighten out your wood club play and put that ball out there a greater distance.

All Bomber woods have extra deep faces—and the head models are beauties.

Bomber woods may be purchased singly or in registered sets — men's or ladies' — right or left hand.

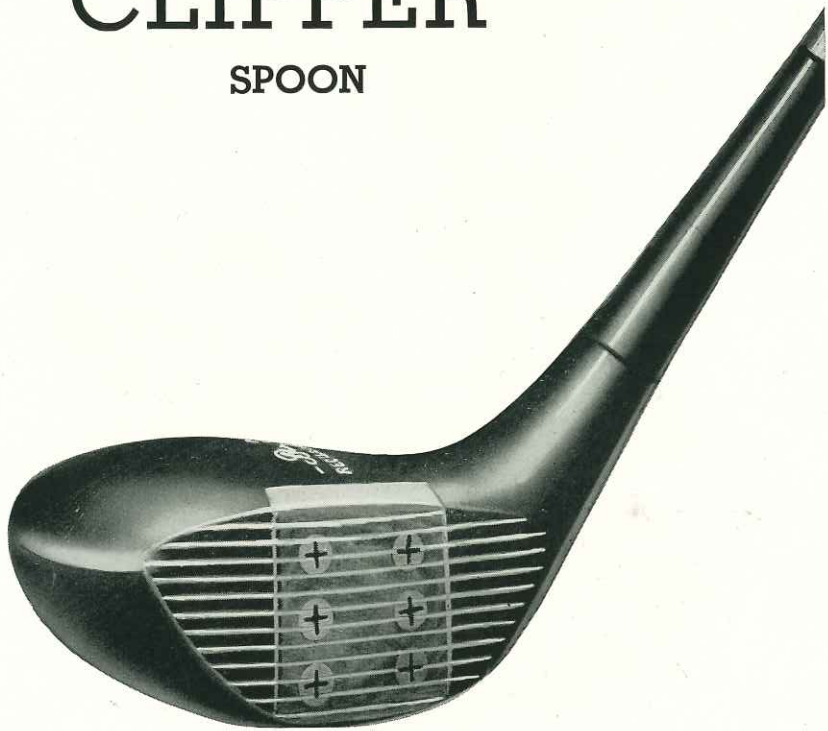

Set of 3 \$45.00

Single Club \$15.00

2

CLIPPER

SPOON

There has been considerable demand of late for an all purpose wood. A spoon that would have many uses. Our answer to this need is "The Clipper."

It can be used for a long shot — where the lie is bad — when perfect direction is essential — or instead of a long iron where an imperfectly hit long iron shot might put you in trouble.

The Clipper is an ideal club for those troublesome 3 par holes —those with a yardage of 165 or more.

Sold as a single club, the Clipper will fit in with whatever woods you now carry.

Each \$15.00

THE NEW

Burke

Billy Burke

99 WOODS

Tops in price, and tops for performance. Billy Burke designed the round type head — finished in brown mahogany, with red fiber face insert.

Billy Burke pattern (BBW) True Temper shaft, chromium finish. Black calf Skiver grip with large bell end, cork listing. Lorythmically balanced four club set includes:

SAV-A-SHOT IRONS

GM 1 — Center shaft type — bronze head — Billy Burke's favorite.

32 — Aluminum head with trim lines — an effective score cutter.

GSP — Same head as 32 Model — Grip-rite hickory shaft.

21 — Double faced — can be used either right or left hand.

83 — A modern version of a popular old timer — aluminum head.

55 — The choice of many experts — a best seller.

SP — Center shaft type — small size hosel and shaft.

GM 3 — A new round sole type — to prevent stubbing.

Chip Iron — Flange sole type.

Pitcher — A new model with the grooved sole — very effective.

Blaster — Widely accepted model — well lofted.

\$7.50 each

Billy Burke

"75"

Is designed primarily for the better golfer. While it is capable of extreme distance, it is also surprisingly tough. The all-white cover stock insures durability and freedom from scuffing. This unusual ball will perform brilliantly for many, many holes of tournament golf and retain its shape and outstanding playability.

Price \$.75 each

"FIFTY"

An outstanding ball in its price class. It has many features found only in higher priced balls and continued improvement has added to its popularity.

Price \$.55 each

BURKE 50-50

An old friend, the same old name, Burke 50-50, but not the same old ball. Not by a long shot! The 50-50 is a tough one and the ball performs even better than in the good old days.

Price \$.35 each
